Ledn's Bitcoin Savings Account

Bitcoin investors are always looking for ways to grow their wealth and boost investment returns.

After buying bitcoin, most investors store them in an exchange or in a hardware wallet - where they can't generate further wealth.

The Ledn Savings account allows bitcoin investors to earn compound interest on their bitcoin deposits and grow their bitcoin holdings. Simply deposit your bitcoins in the Ledn Savings Account and start saving right away.

How Ledn's Bitcoin Savings Account works

How does Ledn generate a return?

As a compliant Canadian company, Ledn works with institutional clients like exchanges & OTC desks that need to borrow bitcoins to facilitate large transactions.

How are my bitcoins protected?

Ledn processes the loans by taking collateral security from its borrowers. This collateral guarantees the loan and can be exercised by Ledn to protect depositors in the event of borrower default.

When the coins are not being lent, they are placed under insured custody with BitGo.

Are there any hidden fees?

Ledn is transparent about its fees. The only fees charged within the Ledn Savings Account is a 1% withdrawal fees.

Is the Bitcoin Savings Account available worldwide?

Yes, the Ledn Bitcoin Savings account is available to bitcoiners worldwide, with only a few exceptions.
